Meet the Sleep Master
From 15 - 17 Feb

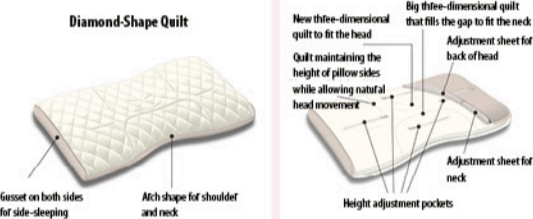

Kana Shinozaki
NISHIKAWA SLEEP MASTER certified by Japan Research Laboratory of Sleep Science

'Sleep Master' is a sleep professional who has received special training about sleep science and creating good sleep environments. They offer advice on selecting bedding essentials to set up a comfortable environment for sleep.

From 15 - 17 Feb, Kana Shinozaki will offer personalised pillow height recommendation services for visitors and assist with the necessary adjustments.

Pillow height adjustment

After choosing the preferred pillow suitable for your needs, receive recommendation and adjustment of pillow height by Nishikawa's staff based on your unique neck and head shape measurements taken with their specially developed tool.

• Semi-customised pillow 'Fine Smooth'

Choose from 3 different touches with different heights. Pillow may be adjusted to fit your head and neck by using the inside sheets and materials. It also has sufficient width for easy turning during sleep.
